

Established Perennials/Permanent Crops and Animals

Established perennials / permanent crops that are on the farm (these are crops that continue year after year after year and are ready to harvest every year regardless):

- Strawberries
- Raspberries
- Rhubarb
- Chives
- Mint
- Apple trees
- Plum trees
- Cherry trees
- Pear trees
- Walking onions
- Jerusalem artichokes
- Goji berries
- Chokecherries

Various herbs and flowers. There are also over 100 newly established non-fruiting trees that have been planted in recent years.

Various crops that are already in the ground for next year like garlic can also be included if the Buyer would like..

Also available:

- A flock of chickens - about 100.
- A small herd of alpacas.
