System Recommendations

No system recommendations

Location Comments

c/r Hill Rd or Rt 628, blue house, # on mb :: tank on side is pump chamber - septic under deck per notes - CSE needed on pump checkouts at edge of deck is the tank.

Tech Notes

System Operating Fine. Normal water level. Moderate top solids. Light bottom sludge. Both baffles are intact. Main line Clear. No filter is present on the tank; current tank is not designed to be used with a filter. System is not saturated. Cover(s) secured. Recommended No Recommendation. Recommend using boost next pumping. Adding treatment between now and then will improve the health of your system. Please visit www.bookmyseptic.com to purchase online.
