Invoice	Repair	Date: 11Sep25
Name: Cara Gile	Phone: (812)	
Address: Brookshire Hathaway Home Services 7220 Eagle Crest Blvd Evansville, IN 47715	Property Owner: Shannon Rhoades (812) 483-6036 816 Southfield Rd Evansville, IN 47715	
Description of Problem		
During recent RHI property inspection several items require repair.		
Roof: \$120.00		
5.2.1: Sanded and painted chimney and flashing where rusted, secured loose flashing and sealed as needed		
Attic: TBD (see note 1 & 2)		
6.5.1: There are stains at eaves above the garage that may be leaking, requiring repair		
HVAC: (see note 3) \$3500.00		
7.4.1 The crawl ducting is covered with condensation and requires repair		
Electrical: \$520.00		
8.3.3: Sealed gaps in the panel cover for safety		
8.3.5: Sealed open knockouts for safety		
8.3.6: Properly separated the neutral wiring where double tapped		
8.3.7: Changed improper panel breakers with GE breakers		
8.4.1: Corrected exposed wiring at kitchen sink		
8.4.2: There is improperly secured wiring in crawl space that should be corrected		
8.5.1: Corrected loose outlets throughout home		
8.5.2: Replaced worn and damaged receptacles throughout home		
8.5.3: Ensured GFCI receptacle protection is required at Kitchen (x3), bathe (x2) and garage (x1)		
Crawl space: \$975.00		
14.1.1 Corrected musty smell in crawl and removed any standing water (see note 4)		
14.1.2: The crawl space should have a dehumidifier installed to lower humidity levels – Not installed (see note 5)		
14.3.1: The crawl walls have efflorescence that should be monitored (see note 6)		
14.3.2: Corrected moisture intrusion along foundation walls (see note 3 & 7)		
14.3.3 Sealed gaps in foundation to exterior that should be sealed to prevent water/insect entry. \$75.00		
14.4.1, 14.4.2, 14.4.3 & 14.4.4 Removed existing vapor barrier(s), debris, replaced vapor barrier with new 6 mil black vapor barrier \$900.00 (see note 8)		
Environmental: \$2600.00		
15.3.1 Cleaned and treated for Microbial growth in attic. \$800.00 (see note 9)		
15.3.2: Cleaned and treated for microbial growth throughout crawl space \$1800.00 (see note 10)		
Added items not included in original estimate: \$880.00		
8.4.1 Correct wiring exposed wiring at water heater – corrected prior to our visit (see note 11)		
- Change all light switches and cover plates with new		
- 8.5.2 Change all worn receptacles with new and install new cover plates (see note 12)		
- Repaired rotted rim joist at front of home under entry \$100.00		
- Repaired cracked and damaged floor joist at left rear of home below family room \$370.00		
- Replaced insulation on Exterior AC unit Freon Line (inc)		
Note:		
1. These stains have not yet caused structural issues at eaves as we can see. Much of the areas are covered by insulation.		
2. The stains are likely caused during winter from ice dams due to gutter guards installed under shingles. This is common with the type of gutter guards currently installed. We have removed originally installed gutter guards that were installed under shingles and left at property. We believe these were contributing to stains at interior attic at eaves.		
3. During repairs, there was no water condensing on ducting. Conditioning of crawl has helped eliminate this issue.		
4. This has been eliminated with new vapor barrier, crawl microbial treatment and conditioning repairs. There is an interior drain system and it is working during our repairs. After recent rain no water in crawl from rain water.

5. A dehumidifier is improper and a poor repair (Who will monitor it, will it be large enough to cover the whole crawl, fall over, keep draining through discharge hose?). We will (after microbial repair), condition crawl and change the environment to correct high humidity issues.
6. This is typical for home of this age. The block walls can allow water to wick from ground and though block even if no water on interior. Recommend monitor after crawl repairs completed.
7. We will seal all areas as needed
8. All water on vapor barrier was from ducting condensation. Extreme temperatures, lack of proper vapor barrier installation and crawl open to exterior have Contributed to this problem. Conditioning of crawl should help eliminate further issues.
9. The attic fan over main area of home has been repaired for better attic ventilation. The soffits vents are mostly covered and the fan shall improve ventilation.
10. To clean crawl we have removed and disposed of floor insulation (it is falling in several areas), cleaned framing members, and insulated exterior walls with rigid foam and seal rim joist areas.
11. The water heater was repaired prior to our arrival and overall price (item lowered), has been adjusted for not performing this repair
12. We had not estimate to replace every receptacle since not all of them were damaged or worn. However, upon request, we have replaced all interior receptacles and switches. This was not originally estimated.

Total labor and materials	\$86,95.00	
Deposit	\$3,000.00	
Total (including tax)	\$5,695.00	

All work is guaranteed and shall be performed in a timely and highly professional manner. All repairs adhere to current building standards and practices. The balance upon receipt.

- IF THE NEW FLOOR IS SUBSTANTIALLY THICKER THAN THE OLD FLOOR, SEVERAL ITEMS MAY NEED TO BE ADJUSTED SUCH AS DOOR AND MOLDING HEIGHT, TOILET FLANGES, PLUMBING CONNECTIONS ETC. SOME SERVICES MAY NOT BE AVAILABLE THROUGH HOME DEPOT.
- NATURAL PRODUCTS INHERENTLY LACK UNIFORMITY AND ARE SUBJECT TO VARIATION (E.G. COLOR, FINISH, VEIN, GRAIN, ETC.)
- PLEASE READ AND UNDERSTAND THE MANUFACTURERS WARRANTY FOR COVERAGE OF GOODS PURCHASED IN CONNECTION WITH THE SERVICES PROVIDED BY THE HOME DEPOT OR AUTHORIZED SERVICE PROVIDER. A COPY OF THE WARRANTY MAY BE FOUND ON MANUFACTURERS WEBSITE.
- PERMIT FEES VARY BY JURISDICTION AND SCOPE OF WORK. IF A PERMIT IS REQUIRED, THE INSTALLER WILL REVIEW THE FINAL COST OF THE PERMIT AND ADMINISTRATIVE FEES WITH THE CUSTOMER PRIOR TO THE FINAL INSTALLATION.
- CUSTOMER ACKNOWLEDGES THE FOLLOWING: THE AMOUNT OF PRODUCT PURCHASED WILL BE THE BASIS FOR INSTALLATION LABOR CHARGES, INCLUDING REMOVAL AND HAUL AWAY. THIS AMOUNT MAY VARY FROM ACTUAL SIZE OF CUSTOMER'S ROOM(S).
- FOR CARPET INSTALLATION, THE CARPET ESTIMATE IS USED TO DETERMINE THE AMOUNT OF PADDING PURCHASED. ANY EXCESS MATERIALS WILL BE REMOVED UNLESS CUSTOMER REQUESTS OTHERWISE.

90 DAY RETURN POLICY. The Home Depot reserves the right to limit / deny returns. Please see the return policy sign in the stores for details.
