# Warm and Inviting

A center foyer, with hardwood floor and recessed lighting, welcomes you to this impeccably remodeled Lefko Brothers home. Broad archways open to the living room and dining room, and hardwood stairs run to the second level.

The formal living room features a wood-burning fireplace with ceramic tile hearth and granite surround, hardwood floor, overhead light fixture and a pair of windows overlooking the front lawn. A doorway leads to the den, and a wide archway opens to the inner hallway with access to the kitchen, powder room, pantry and laundry/mud room.

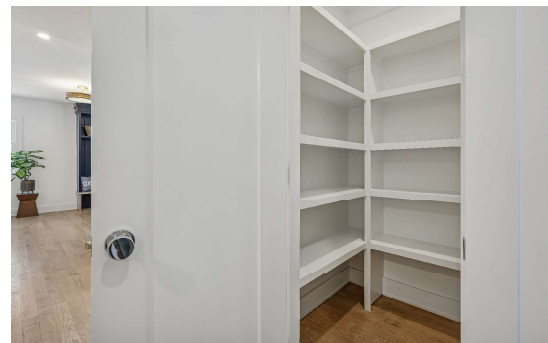

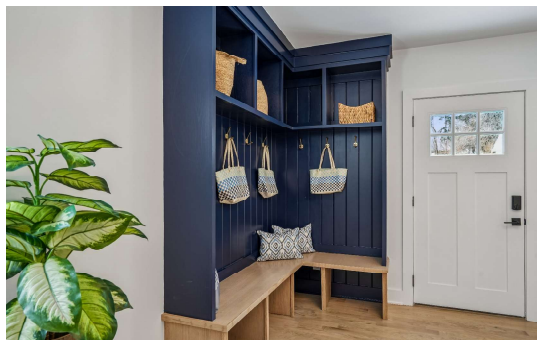

Spanning the two outer walls, six large

windows combine with a hardwood floor and twin overhead light fixtures to make the den a sunny haven equally well suited for children's play or quiet adult relaxation. A doorway opens to the laundry/mud room.

The laundry/mud room presents a hardwood floor, Electrolux stacked washer and dryer, built-in bench with storage and built-in cabinets with quartz counter-top and stainless steel sink. A doorway affords egress to the back yard and detached garage.

The powder room is equipped with a tile floor, vanity with integrated sink, wall mirror and overhead lighting.

## Functional Artistry
