HIGHLIGHTS

Built circa 1912, 5 Bedrooms / 3.2 Bathrooms

One-of-a-kind dream home in the heart of Maplewood with incredible access to vibrant village shops and restaurants and NYC trains. Thoughtfully reimagined from top to bottom to offer exceptional living space across 4 finished floors. New hardwood flooring, custom millwork and modern lighting set the stage for a versatile flowing floorplan that will check every box. The incredibly spacious chef's kitchen has been outfitted with professional grade appliances, quartz counters and oversized island with a waterfall edge, Kraus workstation sink, and convenient servery with built-in beverage fridge. Formal living room and dining rooms, each with designer lighting, a family room with fireplace, stylish half bath and convenient mudroom with bench and access to the garage complete this level. Upstairs, find huge light filled bedrooms, full baths, a sitting room/den and full sized laundry room. The primary bedroom is a private retreat with custom millwork and 2 custom walk-in closets, but the luxury hotel inspired marble bath will dazzle you with double vanity, soaking tub, large glass enclosed shower and private bidet toilet fixture. The finished lower level with half bath and a pretty fenced backyard with patio offer additional spaces to unwind and relax. New low maintenance siding, new roof, new landscape, new Clopay garage doors with smart door openers by Liftmaster, new HVAC, new LED lighting, newly paved driveway, new thermal windows, and so much more.
