Measurement Standards: The measurements presented are conducted in accordance with the Residential Measurement Standards (RMS) guidelines set by the Real Estate Council of Alberta (RECA).

Inclusions: Our measurements encompass various areas including pantries, closets, and bathrooms, all of which are factored into the overall floor totals.

Detached Properties: For detached properties, measurements extend to foundation walls in alignment with RMS Principle 3.

Attached or Semi-Detached Properties: Exterior wall dimensions are assumed for attached or semi-detached properties, but they do not represent RMS area, as indicated by Principle 4 of RMS guidelines.

Cubicasa Technology: These measurements are calculated using Cubicasa technology, renowned for its reliability. However, it's important to note that while highly dependable, these measurements are not guaranteed.

Disclaimer: The provided measurements are intended for informational purposes and should be used as a reference. We encourage users to be aware of the specific guidelines and considerations outlined above. For any inquiries or clarifications, please feel free to contact us.
