HIGHLIGHTS

Just steps from Mountain Station at the end of a private lane, this incredible home was thoughtfully reimagined in 2022 to blend modern amenities and stylish design details. Enter via the covered front porch to an open plan Living Room - Dining Room - Kitchen with hardwood floors, shiplap accents, and abundant natural light through new thermal windows. The kitchen features quartz counters and a huge breakfast bar with seating, tile backsplash, Shaw ceramic sink, ample cabinet storage and stainless steel appliances. There is additional space for a dining table or use the versatile adjacent Den/Office for a more formal dining room. A 1st floor bedroom and full bath with vanity and shower over tub, plus a convenient mudroom to the deck, completed this level. Upstairs, find 3 light filled bedroom, a hall bath with vanity and shower over tub, laundry closet and the impressive and tranquil primary suite which boasts vaulted ceiling with a modern chandelier, a walk in closet and a beautiful en-suite bath with marble topped double vanity, glass enclosed shower and soaking tub. Outside, the private backyard oasis features a tiered deck and hot tub. Custom window shades by Smith & Noble, smart thermostats, 2 zone central air conditioning and forced hot air are a few of the updates you'll enjoy. Ground-up rebuild in 2002 means new roof, all new systems, new low maintenance siding, new thermal windows and more.
