Infinity
REAL ESTATE

Tucked at the end of a quiet cul-de-sac on 1.54 private acres, this one-of-a-kind home blends comfort, privacy, and entertainment-ready living. Inside, engineered hardwood floors, skylights, and French doors complement an open layout centered around a spacious kitchen with granite countertops, a gas range, oversized sink, and included appliances.

Step outside to a patio with a hot tub, custom gazebo with a natural gas fire pit, and a fully finished 900-square-foot detached shop complete with a mini-split, surround sound, projector, bar, and 9-foot double doors, ideal for entertaining, hobbies, or a home gym.

The primary suite features dual closets, a cozy window seat, and a beautifully tiled ensuite, while two additional bedrooms, a full bath, and custom bunk beds provide space for family or guests. Surrounded by forested trails and mature landscaping, the property also offers RV parking, a greenhouse, fruit trees, a sprinkler system, and natural gas—creating a private retreat that's as functional as it is inviting.
