Unfinished Basement: 17'9" x 37'3"

Measurement Standards: The measurements presented are conducted in accordance with the Residential Measurement Standards (RMS) guidelines set by the Real Estate Council of Alberta (RECA).

Inclusions: Our measurements encompass various areas including pantries, closets, and bathrooms, all of which are factored into the overall floor totals.

Detached Properties: For detached properties, measurements extend to foundation walls in alignment with RMS Principle 3.

Attached or Semi-Detached Properties: Exterior wall dimensions are assumed for attached or semi-detached properties, but they do not represent RMS area, as indicated by Principle 4 of RMS guidelines.

Cubicasa Technology: These measurements are calculated using Cubicasa technology, renowned for its reliability. However, it's important to note that while highly dependable, these measurements are not guaranteed.

Disclaimer: The provided measurements are intended for informational purposes and should be used as a reference. We encourage users to be aware of the specific guidelines and considerations outlined above. For any inquiries or clarifications, please feel free to contact us.

Measurements Calculated by Cubicasa Technology. Deemed Highly Reliable but Not Guaranteed.
